reward for making little miracles happen

As **Winner of the Sunshine Coast Professional Services Small Business Award 2009**, how proud we are to have received not only a surprise nomination but to be announced as the winner. We understand that we are the only fertility clinic on the Sunshine Coast to be so honoured.

The award recognises professionalism, service, care and knowledge and while we aim high in these areas, it is the extra personal attention that our specialists devote to each patient that sets us apart. We seriously listen to your suggestions as to how we can improve.

We are a positive team dedicated to your highest care and emotional wellbeing. Working with local alternative therapists we encourage a holistic approach and treat you with respect and sensitivity in a warm and relaxed atmosphere.

We know in our hearts this is the difference that helps create the little miracles that you long for. We are delighted with our miracle award.
Let us help achieve your dream of a baby.
