

Nambour experts offer range of solutions for any couple

Fertility Solutions Sunshine Coast in Nambour offers private consultations and real insight into the choices of fertility treatments to couples who may think they have fertility issues.

Fertility Solutions takes a team approach to each couples personal situation by having regular discussions between doctors, nurses and scientists regarding the best way to maximise the chances of success.

Fertility Solutions has the educational background to provide the latest cutting edge

Finalist: Professional Services

technology and information.

From the moment you first inquire with Fertility Solutions it will make you feel welcomed.

The friendly staff treat patients with respect and sensitivity and will listen to any concerns or issues.

Couples can select who they

work with from a team of fertility specialists.

Fertility Solutions brings a holistic approach to fertility treatment for individuals and couples by working with local naturopaths, chiropractors, Chinese herbalists, personal trainers, nutritionists and acupuncturists to ensure access to a variety of methods aimed at improving general health before embarking upon treatment and a pregnancy.

Fertility Solutions will keep you informed with its invaluable information booklets, new-

sletters, face to face support group, patient get together evenings and an on-line local support group.

Appointments for tests are organised in consultation with an IVF nurse, so couples will feel confident about what to do and when.

You don't have to experience fertility issues to access Fertility Solutions, it also offers couples information on how to prepare themselves for a healthy pregnancy.
